

# Privacy Statement of JHM Schaars – vdos.info

March 5, 2024

- The only data collected by visiting the vdos.info website are the access logs with hostnames and IP addresses anonymized by the hosting provider (STRATO AG). The log files are limited to the last 6 weeks, and not actually downloaded and reviewed.
- vdos.info does not store any cookies.
- Upon eventual registration the registration type and provided contact email address are added to a contact list. That is used to send periodic vDos update notifications.
- The provided information of registration forms and eventual email correspondence is kept for 7 years to comply with the legal retention regulations. This data is not published or shared in any way. Except if required to do so by law. For instance when the police demands access to specific data in case of a suspected crime.
